Snowboarders

### Activity Sanction Application Procedure:

- ◆ Applications for activity sanctions must be submitted **at least two weeks prior** to the start of the activity.
- ◆ Applications for Club activities must be submitted to the AOS.
- ◆ All participants in CSF sanctioned activities must be members of a CSF provincial snowboard association, or of another FIS recognized national ski/snowboard association.
- ◆ Times of activities should always build in a cushion, so the activity does not inadvertently occur outside of the sanctioned time. For example, if dry land training is planned for the school gym every Wednesday evening from 7:00 – 9:00, the application should be for a sanction to cover the period 6:00 – 10:00.
- ◆ If the time, date, or location of a sanctioned activity changes, a new Activity Sanction Application Form is not required, but the details of the change need to be forwarded to the AOS.
- ◆ One Activity Sanction Application Form may be submitted for a series of activities, with a schedule of detailed information attached.
- ◆ Only member organizations in good standing are allowed to request sanctions. Thus PSA/Club Membership and D&O fees must be received before a sanction application will be accepted.
- ◆ “Additional Insureds” are other parties such as **sponsors, mountain resorts, or recreation facility operators** who specifically request to be identified under the CSF’s commercial general liability insurance policy. Parties that make this request will also often request a “Certificate of Insurance”
- ◆ A “Certificate of Insurance” is a document issued by the CSF’s insurance broker confirming the details of the CSF’s commercial general liability insurance policy, and listing other relevant information such as the names of “additional insureds”. A “Certificate of Insurance” is available on request and may be require an additional charge
- ◆ More information on activity sanctioning is provided in the document “Information Bulletin - Activity Sanctioning”, available on the CSF website ([www.csf.ca](http://www.csf.ca)).
